*TMACT FIDELITY SELF-ASSESSMENT CYCLE 2 Learning Community

The ACT Institute is pleased to invite you again to a new Learning Community to assess your team’s fidelity to the ACT model. The TMACT Fidelity, Advisement, Self-assessment & Evaluation (FASE) initiative is a six month Learning Community (LC). TMACT FASE LC will offer you the opportunity to conduct a self-assessment using the online TMACT Self-Assessment tool (Tool for Measurement of Assertive Community Treatment). This will be particularly important for teams scheduled for auditing in the next year. The information collected by the self-assessment tool will provide you with a way to identify areas of your team’s strengths and areas of challenges. This may assist you in establishing a quality improvement process. Through the monthly online meetings, participating ACT Teams will have the opportunity to share information, observations and ideas with each other - with the overall goal of enhancing the performance of your ACT teams. If you’re interested in participating please contact Luis Lopez at Luis.Lopez@nyspi.columbia.edu.

The next online meeting will be on 4/12/2018 from 12:30PM to 1:30PM.
