ACT INSTITUTE
UPCOMING TRAINING

Team Leader Retreats on 9/11/15 in New York City and 10/16/15 in Geneva, NY
Please note that 6 Social Work CEU credits have been approved for this retreat.

The ACT Institute is pleased to announce the 2015 Team Leader Retreat for New York State ACT Teams. These regional retreats will focus on implementing CQI processes to improve data outcomes, learning effective ways of providing data-based supervision, identifying methods of improving consumers’ transition from ACT, understanding/developing effective ways of monitoring quality of services, and demonstrating better clinical outcomes in a managed care environment. Team leaders and assistant team leaders can register for this event by clicking the link below. We look forward to seeing you!

UPCOMING Training for students interning on ACT teams 2015-2016 Academic Year.

**On October 5, CPI will host a 3rd Annual Interprofessional Student Day** for all from 9AM-4PM. Here, students will meet faculty and staff from the Center who will introduce them to evidence-based practices. Students who live outside of the New York City Metropolitan Area will be able to join the student day online. Please watch for the announcement and information about registration.

**On October 29, the ACT Institute** will conduct an online, required Core Training and an introduction to Person-Centered Treatment Planning for students interning on ACT teams who are not able to attend any of the Regional Trainings. Please watch for the announcement and information about registration; contact Pascale Jean-Noel at [jeannoe@nyspi.columbia.edu](mailto:jeannoe@nyspi.columbia.edu) for more information.
ACT Core Trainings:

9/4/2015. New York City OMH Field Office 330 Fifth Ave 9FL New York, NY 10016. 9:30 AM - 4:00 PM – Core

9/25/2015. Long Island OMH Field Office. 998 Crooked Hill Road, Bldg. 45 W. Brentwood, NY 11717. 9:30 AM - 4:30 PM - Core

To register please click link:  https://rfmh.csod.com/

ACT Webinar coming in October

On October 23rd, Luis Lopez, CPI Implementation Specialist and Trainer, will host a two-part webinar series that will illustrate how programs could continue to enhance, refine, and redefine services and clinical systems by using the wellness model. A theoretical and practical understanding of the dimensions will provide a pathway to improve engagement, outreach, and person-centered wellness “treatment” planning. Participants will be encouraged to consider how this emerging dimensional wellness model can enhance services, programs and environments that will benefit the people they serve and the larger society.

ACT Consultation

The ACT Institute provides consultations to help support teams in various areas including developing CQI projects, programmatic technical assistance and/or training for teams at your site. Please contact Pascale Jean-Noel to schedule a time that we can come to your site (jeannoe@nyspi.columbia.edu)

Listserve

If you’d like to be part of the ACT listserve, please forward your email address to Pascale Jean-Noel at jeannoe@nyspi.columbia.edu.

PLEASE ENSURE THAT ALL ACT TEAM MEMBERS ARE REGISTERED FOR TRAINING. PLEASE CHECK THE ACT WEBSITE FOR TRAINING REQUIREMENTS.

Please watch for announcements of future events.
